

Accessories and consumables for EEG recording

We offer a wide range of accessories for our DC-EEG, neurofeedback and closed-loop devices, such as electrodes, pastes, caps or exercise materials. You can order these products individually, some are available in sets. Please contact us. We would be happy to advise you on which accessories are recommendable for your applications.

Please send your order by e-mail to: sales@neurocaregroup.com

Please note that orders must have a minimum value of 75 EUR.

Recommended accessories for clinical standard applications

The following list contains accessories and consumables that are usually used in clinical neurofeedback trainings:

starter set (10 electrodes, Ten20, Nuprep, cotton buds)
order # 905510

starter set (10 electrodes, Ten20, Nuprep, cotton buds)
order # 905515

1 sintered Ag/AgCl annular electrode
(also suitable for ECG and EMG)
order # 905105

10 sintered Ag/AgCl annular electrodes
(also suitable for ECG and EMG)
order # 905110

Nuprep abrasive paste (114g), pack of 3
order # 905830

Ten20 electrode paste (114g can), pack of 3
order # 905820

Ten20 electrode paste (228g can),
pack of 3
order # 905821

100 cotton buds, long, non-sterile
order # 905920

sticking plaster, unsterile), 1 roll of 5 m
order # 905940

electrode adapter for EEG caps (used with
adhesive rings)
order # 905200-10

500 adhesive rings for EOG conduction
(20x8mm)
order # 905910

transfer training cards for training at home
order # 905550

DVD with video for transfer training at home
order # 905570

Elektrodes and adapter

sintered Ag/AgCl annular electrode
(also suitable for ECG and EMG),
1 unit

order # 905105

sintered Ag/AgCl annular electrodes
(also suitable for ECG and EMG),
10 units

order # 905110

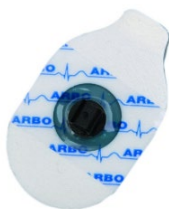

electrode adapter for EEG caps (with
905910 adhesive rings, see consumables)

order # 905200-10

snap cable for disposable EMG/ECG
electrodes (150 cm), 10 pieces

order # 905120

ECG electrodes, snap, disposable, 50
pieces

order # 905121

Consumables

Nuprep abrasive paste (114g), pack of 3
order # 905830

Ten20 electrode paste (114 g can),
pack of 3
order # 905820

Ten20 electrode paste (228g can),
pack of 3
order # 905821

500 adhesive rings for EOG conduction
(20x8mm), (with 905200-10 electrode adapter)
order # 905910

Sticking plaster, unsterile, 1 roll of 5 m
order # 905940

cotton buds, long, unsterile, 100 pieces
order # 905920

electrode gel ABRALYT HiCl (1,000 g)
order # 905810

EEG gel OneStep (120 g)
order # 905825

EEG caps

All caps are available in the sizes 52, 54, 56, 58 and 60. Please indicate the size when ordering.

EEG electrode cap TP, 14+4 additional adapters, chin strap

order # 905240

EEG electrode cap TPQ-EEG, 23+4 additional adapters, chin strap

order # 905245

Starter set for EEG caps (ABRALYT HiCl, syringes, cotton buds, adaptors, sticking rings, Ten20, Nuprep)

order # 905800

Biofeedback sensors

For biofeedback applications your device requires the 4-channel biofeedback extension. Please contact us. We will be happy to submit you a quotation:

info@neurocaregroup.com

pulse curve sensor
reflection sensor

order # 105010

pulse curve sensor
ear clip

order # 105011

pulse curve sensor
finger clip

order # 105012

GSR sensor
(galvanic skin response)

order # 105020

breath sensor

order # 105030

temperature sensor

order # 105040
